

Falcon Gymnastics Response to COVID 19

Dear Parents,

Like the schools in our city, Falcon Gymnastics will follow guidance from the *Office of the Provincial Health Officer* and the *BC Centre for Disease Control* regarding recommended measures for preventing and controlling respiratory viruses, including COVID-19.

Student safety has always been, and remains, our number one priority. If you or your child are experiencing symptoms of coughing or sneezing, please avoid bringing your child to gymnastics.

We daily disinfect and sanitize our facilities using industry approved products and have introduced hospital grade Clorox wipes and spray for hard surfaces. These products are used to clean the apparatus, mats, washrooms, hand rails, walls, and door handles.

Additionally, staff members are wiping down surfaces during and in between classes. As well, we have posted signs at the entrance of our facility asking parents to avoid bringing their child to class if they are coughing or sneezing.

We recognize that this is an evolving story and will continue to post to the Falcon Gymnastics website to inform our members as circumstances evolve.

Sincerely,

Peter and Renata Allan
